# An Essential Must Have in Your Home or Business

**Tear Aid repairs damaged products in almost every industry:**

Advertising, Agriculture, Automotive, Building, Clothing & Manufacturing, Defence, Education, Environment, Recreation, Sporting, Retail, Textile, Healthcare, Farming, Transportation & Trucking,

Tear Aid is a tough, matte finish, abrasion resistant, elastomer that resists puncture and tearing. It is combined with an aggressive adhesive formulated for high bond strength to a variety of surfaces such as Canvas, Leather, Rubber, Nylon, most Plastics, Paints, Aluminium, Stainless Steel, Fiberglass, Polyurethane, Polyethylene, Polypropylene, Vinyl and Vinyl Coatings and many more.

*The unique composition of TEAR AID allows it to stretch and recover, absorbing the force that causes other repair products to peel off.*
